We manufacture, package, and deliver our empanadas to consumers and wholesaler buyers through farmers markets and online sales.

We are looking to expand our manufacturing capabilities and are currently looking someone who is able to assist our production capacity. In this role you will be cooking fillings (meat and vegetarian), making pastry, filling and rolling empanadas, and packaging empanadas.

We are also looking for someone who can add more to our team than cooking alone, as we are small now but have ambitious expansion plans in the next few years. We would love to hire an individual who has an interest in a variety of skill sets such as marketing, design, supplier relations, sales, and an interest in entrepreneurship.
